

# Rate Schedule

## State of California Residential Resale/Refinancing Title & Disbursement Escrow Fees

This Guide does not address all of the products and services offered by California Best Title.

The full schedule of rates and fees is on file with the California Department of Insurance. Additional rates, fees and charged may be added in accordance with California Insurance Code Section 12401.8. A WLTIC Title Insurance Inc. Policy will be issued with these rates. Published rates are subject to change and are for estimates only. For a complete copy of the WLTIC Title Insurance Inc. Policy Rate Filing with the California Department of Insurance or for certified pricing, please contact California Best Title.

For additional information regarding title insurance rates, escrow fees, and other services and products offered by California Best Title, including products and services not described in this guide, visit our website [www.calbesttitle.com](http://www.calbesttitle.com)

### Disbursement Service Escrow

This fee applies when the company provides disbursement services in connection with an order for title insurance when the company is disbursing funds in support of primary escrow agent other than the company. Disbursement services consist of (1) receipt of funds and written instructions from the primary escrow agent and from any lender whose loan will be insured; (2) disbursement of such funds for the elimination of any matters affecting title, but only to the extent authorized under such instructions; (3) standard overnight delivery fees and regular messenger fees (not including priority overnight and special messenger fees which will be charged based on invoice from provider); and (4) disbursement of any remaining funds to the primary escrow agent. Disbursement services do not include, among other things, ordering payoff demand statements from existing lien-holders, wire fees, or other charges. The fee for disbursement services for refinance transactions on an improved one-to-four family residential property is \$65 per order, and the fee for disbursement services on any other type of transaction is \$125 per order.

## **Explanation of Lender's vs. Owner's Title Insurance**

### **Title Insurance Protects a Lender or Homeowner from hidden defects in a property's title that could result in claims against the property**

Title company professionals are trained to identify the rights others may have in your property through a search of public records, where they identify such things as recorded liens, legal actions, disputed interests, rights of way or other encumbrances on your title. However, not all risks can be eliminated by a title search, since certain "hidden defects" like forgeries, identity of persons, incapacity or incompetence cannot be disclosed by an examination of the public records. A mortgage lender will require you to purchase a Lender's Title Insurance policy to protect the lender's investment in your mortgage against such issues.

### **Owner's Title Insurance Protects Your Investment**

Against hidden defects for the entire time you own your home, including covering legal fees if you have to go to court to defend your title and any losses you may incur from a successful claim against the property.

### **What is Title Insurance and Why Do You Need It?**

Title Insurance is a unique type of insurance, the only type of insurance that accounts for past claims and damages. Unlike other forms of insurance, which protect you from future headaches or losses (think renters insurance, which protects tenants from various future damages and thefts from their rental), Title Insurance protects you from the ramifications of any past actions or unwelcome surprises related to your property.
